

South Staffordshire Council – Insulation Partners

Please be aware that we have had reports from residents that there are insulation companies looking to get business around the middle & north of the district. The companies are saying that they are from the Council and hassling people to gain access to their lofts.

These people are not from the Council or working with us.

Anyone who claims that they are from the Council will have their ID badge with them. Residents should therefore be advised to phone the Council on the main 696000 number if they are unsure whether or not someone claiming to be from the Council is genuine.

Just to confirm this Council is working in partnership with Marches Energy Agency using 2 Insulation companies, VNR Contracting & Rockwarm. It has been reiterated with both companies that all Surveying Teams should always show their company ID and say which company they are from & be polite & professional at all times. Please see below the scheduled areas and dates that these companies will be distributing flyers.

Kinver = June/July

Wombourne = July/Aug

Perton = Aug/Sept

Penkridge = Sept/Oct

Codsall = Oct/Nov
