# An informal meeting was held with County Councillor James Hodges Wednesday 28<sup>th</sup> May 2025

Introductions were made:

Councillors C Evans, Mrs S Beardsmore, Mrs J Evans, D Glynn, Mrs A james, S Payne, K Elder, Mrs R Heseltine, P Davis, N Caine, Mrs P Allen and Mrs B Hodgetts (clerk)

James was very surprised to get elected but is very excited and looking forward to it.

What was the previous County Councillor doing that he can carry on with.

The items discussed covered the following:

Road markings at traffic islands to show direction – designated lane markings

James has a meeting with Highways at Gailey on 4<sup>th</sup> July, but has already mentioned a few items.

A pedestrian crossing at Wrottesley Village is definitely required. Speeding is a problem with residents having to cross 3 lanes of traffic potentially doing 40mph.

Wrottesley Park Road is a blackspot for speeding. The council iconfirmed that we have on order a SID but haven't received it yet. At site meeting with Highways an area opposite Brownies which is a muddy patch was suggested it could be covered with some form of recycled material, following two emails to Highways – no response has been received. Can we get some information on this.

A petition taken to Highways – will not reduce the speed limit as properties do not front onto WPR. A weight limit is also required.

Lifting of the left turn at Jenny Walkers Lane should be available when there are instances of disruption. Could the junction be improved.

Flooding within the village was discussed. There is a plan in place now, with £997,000 to spend on the Penk and flooding by 2028.

James can attend the District Council meetings in person or online. Whether there is an opportunity to speak would need to be clarified.

One of the biggest issues is the school bus. Heath House Lane is not a safe walking route.

Heath House Lane and A41 flooding.

Lack of transport to and from Codsall.

Query that libraries have been sent a letter from SCC if they hold any function do with LGBQT+ or Climate change or environmental issues, they would need to find another job. Is this correct? James has not heard anything about this, but he will ask.

Speed bumps – depressions in the tarmac from vehicles.

Chicanes -

St. Andrews Drive - vehicles can go through the middle Severn Drive – like driving over a cattle grid. Highways have been out several times but nothing happens.

Councillors will arrange to meet with James to show him Perton.

James to find out what budgets he has – Highways DHP and community fund.

Trescott ford – flooding and flytipping

Devolution – submission by 28<sup>th</sup> November. Disapprove in principle, but the government have the majority and will make the decision.

Maps were given to James and he gives Becky a couple of dates when he is available to meet with councillors.

County won't cut back hedges at Kingswood.

A41 footpath – SSDC wont clear as the surface need attention from SCC it is becoming impassable.

Meeting closed at 8.10pm

# Maintenance Plans - 2024

#### What we will deliver in a visit:

During the course of an operational inspection, the following will be carried out:

- 1) Joints and parts would be lubricated with an appropriate lubricating oil.
- 2) Each item of equipment would be looked at in detail checking that all components are present, secure, and functional.
- 3) Check that all plastic caps etc (if fitted) are in place.
- 4) Check chains and connectors (if fitted) are not worn.
- 5) Where limiters are incorporated check that they are functioning correctly.
- 6) Tighten bolts and nuts if loose.
- 7) Check for any damage, establish whether or not it is due to vandalism, report this to TGO and action where appropriate. TGO may recommend that the facility is closed before the fault or damage is rectified.
- 8) Ensure that the equipment is left safe.
- 9) Touch up small paint chips as necessary.
- 10) Scan all smart equipment

# PERTON PARISH COUNCIL

# **IT POLICY**

## 1. INTRODUCTION

- Perton Parish Council has a duty to ensure the proper security and privacy of its computer systems and data. All users have some responsibility for protecting these assets.
- 1.2 The Parish Clerk is responsible for the implementation and monitoring of this policy but may delegate that responsibility to another officer.
- 1.3 Line managers have a responsibility to ensure that staff they supervise comply with this policy

## 2. GENERAL PRINCIPLES

- 2.1 All employees, members and other users should be aware of the increasingly sophisticated scams and risks posed to cybersecurity and when in any doubt should seek guidance from the Parish Clerk. As a general rule, users will never be asked to share passwords by email and users should be aware of odd language used in emails which may indicate a fraudulent email.
- 2.2 All employees, members and other users of council IT equipment must be familiar with and abide by the regulations set out in the council's various GDPR policies.
- 2.3 All council devices will have up-to-date antivirus software installed and this must not be switched off for any reason without the authorisation of the Parish Clerk.
- 2.4 All users are reminded that deliberate unauthorised use, alteration, or interference with computer systems, software or data is a breach of this policy and in some circumstances may be a criminal offence under the Computer Misuse Act 1990.
- 2.5 All software installed on council devices must be fully licensed and no software should be installed without authorisation from the Parish Clerk.

## 3. TRAINING AND GUIDANCE

- 3.1 Employees and volunteers will be provided with regular cybersecurity training as is appropriate for their role and level of systems access.
- 3.2 Members will be provided with a brief overview of cybersecurity measures as part of induction and may be provided with more in-depth training as required.

## 4. EMPLOYEES

- 4.1 All employees will be assigned a council email address as appropriate.
- 4.2 Personal use of Council IT equipment is permitted but should be kept to a minimum during working hours. Reasonable use of the internet during working hours is permitted.
- 4.3 The council reserves the right to monitor all activity on company devices. This includes monitoring of clocking in and out, email activity and internet usage for the purposes of ensuring compliance with our policies and procedures and of ensuring compliance with the relevant regulatory requirements. Information acquired through such monitoring may be used as evidence in disciplinary proceedings. Monitoring usage will mean processing personal data.

#### MEMBERS

- 5.1 All members will be provided with a council email address and must use this for all council business.
- 5.2 Members are reminded that any email sent or received in their capacity as a Parish Councillor is Council data and any emails may have to be disclosed following requests under the Data Protection Act or Freedom of Information Act. This includes emails on personal accounts when acting as a Councillor.
- 5.3 Members using social media in their capacity as councillors must make it clear they are speaking in a personal capacity and not representing the view of the council.

- 5.4 Members should ensure they are adhering to the Council's code of conduct when using social media.
- 5.5 Members must ensure that any personal devices used to access council systems (including email, websites and data) are password protected and access is restricted solely to the member. Any member using their own device must adhere to the Bring your own device policy.

## 6. WEBSITE AND SOCIAL MEDIA

- 6.1 Officers shall ensure that any websites operated by the council are regularly reviewed to ensure content is accurate and up-to-date. Websites shall also be monitored for unauthorised access and abuse.
- 6.2 Council social media accounts will be operated by officers.
- 6.3 All council social media messages must be non-political, uncontroversial and used to promote/highlight the parish.
- 6.4 Approval must be obtained from the Parish Clerk prior to the creation of any council websites or social media accounts.
- 6.5 The Social Media and electronic communication policy is to be adhered to at all times
- 6.6 To be read in conjunction with the Social Media Policy

## 7. PASSWORD PROTECTION

- 7.2 Where possible, two factor authentication should be utilised.
- 7.3 Users should ensure that unattended devices are password protected.
- 7.5 Where possible, generic user accounts should be avoided.
- 7.6 Where users have unique access permissions and/or accounts for systems, these must not be shared with other users
- 7.7 Different passwords should be used for different devices and accounts.
- 7.8 Passwords should be routinely changed.
- 7.9 Passwords should not be written down or left in unsecure locations.

## 8. PORTABLE DEVICES

- 8.1 All portable devices (including tablets and mobile phones) must be protected to prevent unauthorised access. This can be by use of passwords, passcodes or other biometric measures as applicable.
- Passcodes must be appropriate for the device and the level of risk that unauthorised access poses to the organisation; where devices can access council data or other systems, passcodes must be unique and not easily guessable.
- 8.3 Particular care must be taken when using removable media to transmit data as such media are easily lost or intercepted. Any sensitive information (including personal data, confidential documents or data which could impact on the rights or reputation of any person or organisation including the council) placed on removable media must be suitably password protected or encrypted.
- 8.4 To be read in conjunction with the Bring Your Own Device Policy.

# 9. INCIDENT REPORTING

- 9.1 All members, employees or volunteers must report any incidents which could pose a risk to the council's systems or data security to the Parish Clerk without delay. This includes but is not limited to:
  - a. Lost devices
  - b. Potential risk arising from phishing emails/websites
  - c. Passwords having been shared
  - d. Unauthorised access to systems

## 10. MISUSE OF IT

- 10.1 IT systems will be monitored for misuse and all misuse is prohibited.
- 10.2 Misuse includes, but is not limited to:
  - a. Creation or transmission of any offensive, obscene or indecent images, data or other material or any data capable of being resolved into obscene or indecent images or material
  - b. Creation of material which is designed or likely to cause annoyance, inconvenience or needless anxiety.
  - c. Creation or transmission of defamatory material
  - d. Transmission of material which in anyway infringes the copyright of another person
  - e. Transmission of unsolicited commercial advertising material to networks belonging to other organisations
  - f. Deliberate actions or activities with any of the following characteristics:
    - Wasting staff effort or networked resources
    - ii. Corrupting or destroying another users' data
    - iii. Violating the privacy of other users
    - iv. iv. Disrupting the work of other users
  - g. Other misuse of the networked resources by the deliberate introduction of viruses/malware
  - h. Playing games during working hours
  - i. Altering the set up or operating perimeters of any computer equipment without authority.
- 10.3 Unauthorised access, use, destruction, modification and/or distribution of council information, systems or data is prohibited.

## 11. REVIEW

11.1 This policy will be reviewed every four year term, or earlier if there are any material or legislative changes.

Adopted: June 2025 Reviewed/Revised: Next review: June 2029 Committee: Full Council

26/25 c) i

# Staffordshire Playing Fields Association

Affiliated to Fields in Trust (formerly the National Playing Fields Association) REGISTERED CHARITY NUMBER 522816

E-mail: staffspfa.treasurer@gmail.com Web: staffsplayingfieldsassociation.com

Staffordshire Playing Fields Association (SPFA) was formed in 1927 and raised £3,249 from the County of Staffordshire in conjunction with a nationwide appeal to set up the National Playing Fields Association (which is now Fields in Trust). The First AGM noted that Staffordshire was badly in need of playing fields.

#### SPFA can:

- · Advise and assist in the provision of playing fields, sports facilities and play spaces and encourage their use within Staffordshire.
- Co-operate in saving threatened recreational facilities.
- Examine projects seeking grant facilities and direct applicants to possible potential sources for funding.
- Co-operate with local authorities in the County and other bodies to promote the safe use of play.

#### SPFA may:

- Be able to help members who join the Association to provide loans for projects to provide, improve or maintain sports facilities. Applications from Sports Clubs, Parish Councils, Children's Play Associations and other charitable organisations throughout Staffordshire are invited to apply.
- Loans are spread over 5 years with annual equal repayments paid each year and interest is charged as follows:

0% Year 1; 1% Year 2; 3% Year 3; 4% Years 4 and 5

#### SPFA will:

Encourage landowners who own playing fields, sports facilities and parks to protect them from the ever increasing threat of housing and other developments following the Government's plan to limit the powers of Local Authorities' Planning Departments by advising on the need to enter into a Declaration of Trust, to protect land in perpetuity. https://fieldsintrust.org/landowners/protect-your-park

#### FLOODING MEETING SSDC, 27/05/25

**Andrew Brett** andrew.brett@staffordshire.gov.uk. Principal Flood Risk team leader for South Staffs and the Black Country

# Ed Ruane Severn Trent Stakeholder Engagement Manager

Andrew did most of the explanations.

- 1. Weather patterns are changing. Jan-June as expected, July September excessive.
- 2. Website for flooding can calculate your risk. <a href="www.fairflood.org">www.fairflood.org</a>. What my risk is? Put in postcode.
- 3. Flood risks generally up 8%, has 6x more effect on mental health.
- 4. Costs to homes average £33,600.
- 5. PERTON £997,927 to spend before 2028. 103 properties affected. Check the www.fairflood.org. Riparian rights, landowners can be sued but costly, prefer working with. PHD students involved in modelling solutions for Perton.

#### **Ed Ruane**

- 1. ST responsible for wastewater, rain water, clean water.
- 2. Capacity is being increased at Trescott works. New monitors are needed.
- 3. ST is not a statutory consultee for new housing. Parishes and District Councils need to ensure new developments are monitored for capacity and developers should do those works. Watch for comments on planning applications.
- 4. Councillors can direct enquiries by emailing cllr.enquiries@seventrent.co.uk.
- 5. ST aiming for Fast In Slow Out for surface water.
- 6. Farmers can improve land through Farming Protected Landscape Fund.
- 7. Farmers and house owners can check ownership through **Do I own my own ditch?**
- 8. Trees that are preventing floods should be subject to tree protection orders.
- 9. More soak aways should be used for houses.
- 10. Would Parishes like a tour of a pumping station? This can be arranged with him.
- 11. I raised discharge in Perton is containing detritus which is unpleasant and causing health hazard.

Highways were not present at this meeting but we need to raise awareness with them for gulley cleaning. I raised the road drainage and flooding into neighbouring communities, Codsall, Bilbrook, Pattingham, Trescott and Trescott Ford.

## Andrew

Important new project as cameras have been installed at many locations. There will be 40,000 new Variable Message Signs [VMS] installed in flooding areas. We must get used to floods and these will provide warning of floods. They will automatically switch off when floods recede. This will mean police notices will no longer be needed. [I suspect insurance companies will not pay out for cars if the warnings are in place].

Afternoon parish clerks - I hope you're all well?

As part of our outreach work around climate / sustainability issues, we have recently started working with a software provider called Zellar - an online software tool that helps organisations to understand their carbon footprint and develop tailored decarbonisation plans. Further information can be found on their website below:-

#### Zellar

Through an allocation of UKSPF funding, South Staffordshire Council have purchased several licences for our partners to use during 2025-26 and we'd like to invite parish councils to get involved in this project. We are offering each parish council in the district an opportunity to use Zellar free for a year and kickstart your own plans for net zero. I promise that it's an easy piece of software to use!

Zellar will report on the energy usage of your buildings etc. measure the impact of your work in the parishes, develop plans to reduce carbon emissions and could also help you to save money. The reporting features within Zellar will track district wide progress and support our wider plans to drive positive sustainable change in South Staffordshire.

In the first instance, please do email me with any questions and / or to express an interest in this project. From there we can get individual users set up and book in a mini briefing session.

I hope this is ok and look forward to working with you.

Regards Ryan
